

# #trvl

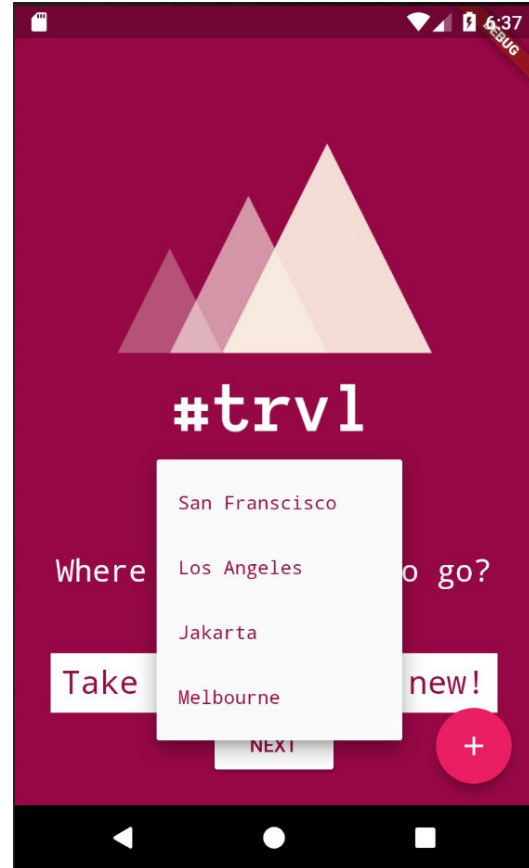

A flutter.io application

*Made by Angel, Hannah, Joy, Maggie*

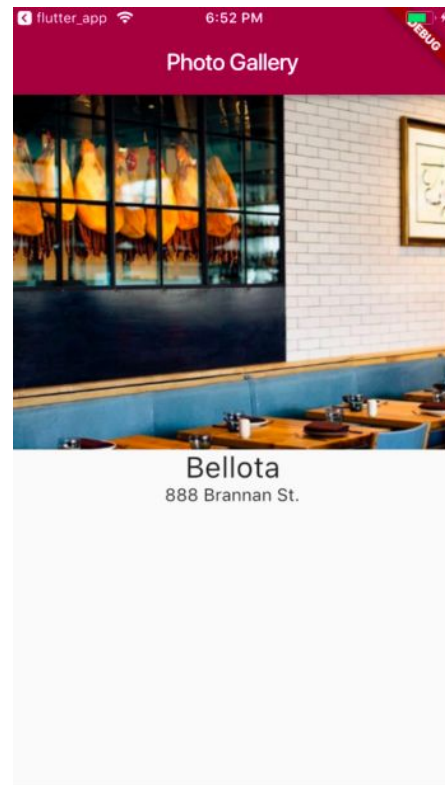

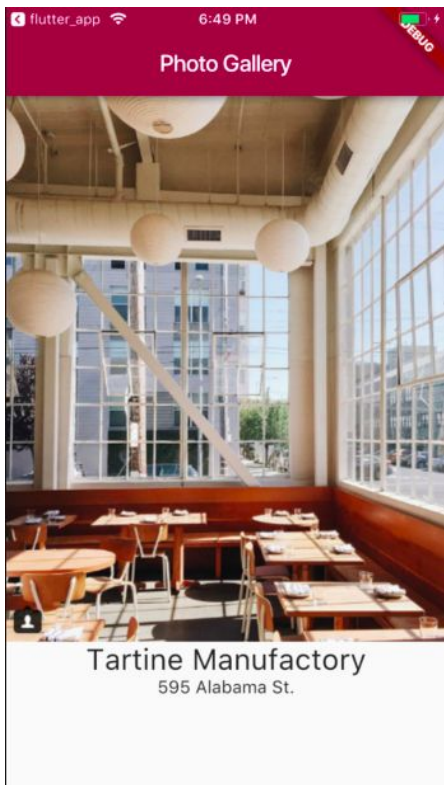

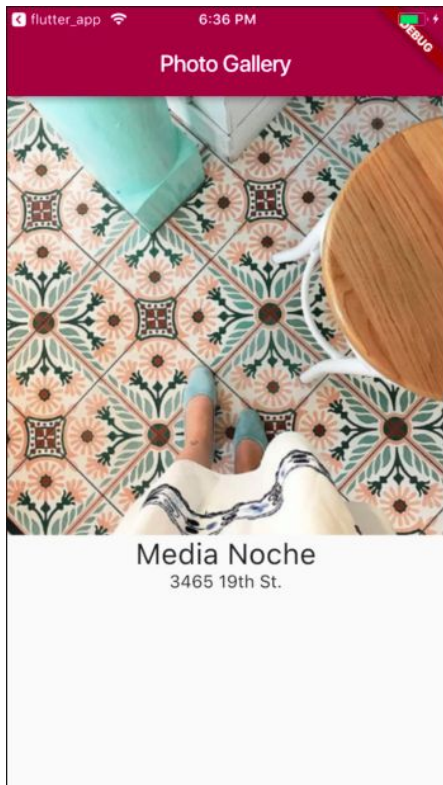

#trvl

We made this app because the tourism industry is **rapidly changing** with millenials who are not only looking for new travel experiences, but are looking to take photos to **commemorate these memories**. We cater to this by showcasing snippets of popular and trendy destinations in cities around the world specifically by looking through the lens of today's social media, to help users find their next travel destination.

//Map\_view plugin used

```
22 @override
23 Widget build(BuildContext context) {
24   return new MaterialApp(
25     home: DefaultTabController(
26       length: 3,
27       child: Scaffold(
28         appBar: new AppBar(
29           backgroundColor: Color.fromRGBO(151, 8, 70, 1.0),
30           bottom: TabBar(
31             tabs: [
32               Tab(icon: Icon(Icons.directions_bike)),
33               Tab(icon: Icon(Icons.directions_car)),
34               Tab(icon: Icon(Icons.directions_transit)),
35             ],
36           ), // TabBar
37           title: new Text("Media Noche's in San Francisco"),
38         ), // AppBar
39         body: new Image.network(
40           "https://maps.googleapis.com/maps/api/staticmap?" +
41             "center=37.759940,-122.420760&" +
42             "zoom=15&" +
43             "size=600x400&" +
44             "maptype=roadmap&" +
45             "markers=color:blue%7Clabel:A%7C37.759940,-122.420760&" +
46             "googleMapsApiKey", // Image.network
47         )); // Scaffold // DefaultTabController // MaterialApp
48 }
```

# #trvl Hopes & Dreams

- Scrape locations from trending blogs
- Geolocation (15 miles from current location)
- Budget consideration
- Likes, favourites and recommendations
- Sign-in system
